

## Make Your Own Emoji Paddles

Using the shapes below, design your own emoji paddles to be used during HOME's 2021 "Shine a Light on Home-schooling" conference sessions. Use them to show support for the speakers, to raise a hand and ask a question, or simply to express appreciation for something that was said. Color them, or decorate them in anyway you wish. Attach to adhesive craft sticks, two have been provided, you can attach two to each stick if you choose.
